

Data Science Competition

RULE BOOK

- Team Size Limitation:
 - ✓ Each team should consist of no more than three members.
- Submission Guidelines:
 - ✓ Write-up must not exceed one page and utilize a standard font (e.g., Times New Roman, Arial) with a font size of 12 points.
 - ✓ Submit your solutions via the designated platform by the specified deadline.
 - ✓ To maintain a focus on textual content and ensure consistency in document format, write-ups can include any flowcharts or dataflow diagrams.

- ✓ Participants are required to push their code into any team member's GitHub repository. After completing this step, include the GitHub repository link in the provided Google Form for code review.
- Originality and Plagiarism:
 - ✓ Make sure that what you write in the document is your own original work.
 - ✓ Write-ups containing plagiarism (>10%) will be rejected.
 - ✓ Adding new features to existing projects is allowed.
- Data Usage and Permission:
 - ✓ Teams are only allowed to use the datasets provided, and any external data must be approved in advance.
- Judging Criteria:
 - ✓ Solutions will be evaluated based on accuracy, innovation, clarity of presentation, and overall impact.

- Dispute Resolution:
 - ✓ Any disputes will be resolved by the organizing committee, and their decision will be final.
- Prize Distribution:
 - ✓ Prizes will be awarded based on the judging criteria, and winners will be announced during the closing ceremony.

Note: Participants are expected to observe designated regulations, and uphold principles of respect, punctuality, adherence to instructions, and active engagement. These guidelines foster a professional and respectful ambiance for all involved participants.
